

Brightwater Analytics: Employee Handbook

Fictional sample document for demo purposes.

Welcome

This handbook explains how we work at Brightwater Analytics. It applies to all full-time and part-time employees. Contractors should refer to their individual agreements. Where this handbook and local employment law differ, local law takes precedence.

Working hours

Our core collaboration hours are 10:00 to 15:00 in each employee's local time zone. Outside core hours, employees may arrange their schedule freely as long as they work an average of 40 hours per week for full-time roles. Meetings should not be scheduled outside core hours without the attendee's agreement.

Probation

New employees complete a 90-day probation period. During probation, either party may end employment with one week of written notice. A review meeting with the line manager takes place at day 45 and again at day 85.

Paid time off

Full-time employees receive 25 days of paid time off per calendar year, in addition to public holidays. Part-time employees receive a pro-rated amount. Up to 5 unused days may be carried over into the first quarter of the following year; any remaining unused days expire on 31 March.

Requesting leave

Leave requests of three days or more must be submitted in the HR portal at least two weeks in advance. Requests shorter than three days need at least two working days of notice. Managers should respond to requests within three working days.

Sick leave

Employees receive up to 10 days of paid sick leave per year. For absences longer than three consecutive days, a doctor's note is required. Please notify your manager before 10:00 on the first day of absence.

Parental leave

Primary caregivers receive 16 weeks of fully paid parental leave. Secondary caregivers receive 6 weeks of fully paid leave, which may be taken in up to three blocks within the first year.

Remote work

Brightwater is remote-first. Employees may work from any location within their country of employment. Working from another country for more than 30 days in a 12-month period requires written approval from HR because of tax and legal implications.

Equipment

Each new employee receives a laptop and a one-time home office allowance of 600 euros for a desk, chair, monitor or similar equipment. Receipts must be submitted within 60 days of purchase. Laptops are replaced every three years.

Expenses

Business expenses under 50 euros can be claimed with a receipt and do not need pre-approval. Expenses of 50 euros or more require manager approval before purchase. Claims must be submitted in the finance portal by the fifth working day of the following month.

Learning budget

Every employee has an annual learning budget of 1,000 euros for courses, books and conferences related to their role, plus up to 5 working days per year for learning.
